President Prof. Dr. Clemens Bulitta

Profile

OTH Amberg-Weiden: Your Gateway to a Future-Oriented Education

The Ostbayerische Technische Hochschule (OTH) Amberg-Weiden is a young and innovative university with around 4,000 students – nearly half of them from all over the world. We offer high-quality, hands-on education in future-oriented fields such as digitalization, artificial intelligence, mobility, healthcare, energy, and communication technologies.

Across our four faculties – Electrical Engineering, Media and Computer Science, Mechanical Engineering/Environmental Technology, Weiden Business School, and Industrial Engineering and Health – students benefit from modern facilities, state-of-the-art laboratories, and experienced teaching staff.

International students receive dedicated support to help them settle in, succeed academically, and integrate into life in Germany. Strong connections with leading regional companies offer unique opportunities for internships, thesis projects, and part-time jobs – helping students gain valuable work experience and build a professional network that opens doors to a successful career in Germany and beyond.
