Profile

With 500 professors, 750 lecturers and around 18,000 students, Munich University of Applied Sciences is one of the largest universities of applied sciences in Germany. Students can choose from more than 85 Bachelor and Master programs in the fields of technology, economics, social studies and design. The university has an excellent network in the Munich economic region, fosters close contacts to industries and is committed to application-orientated teaching and research. Munich University of Applied Sciences was honored by EXIST III, IV and EXIST Potentiale as Entrepreneur university. Students not only gain expertise in their chosen field of studies but also in entrepreneurial and sustainable behavior. Trained in interdisciplinary work and intercultural thinking, its graduates are prepared to compete in a digital and internationally networked world of work. In rankings, they are among the most sought after applicants by employers in Germany.

President Prof. Dr. Martin Leitner
